Professional Experience

TECHNOLOGY INTERN, i.c.stars | Chicago, IL — Aug 2026 – Present

Technology workforce development program combining hands-on technical training, leadership development, and team projects.

- Introduced to technical tools, including SQL, Python, GitHub, Azure, and Microsoft Fabric, through program training.
- Participating in leadership and emotional wellness training to strengthen professional and teamwork skills.
- Working on a group project that combines technology and business, with regular progress reporting to program staff.
- Gaining exposure to a variety of technology roles and career paths.

EMAIL TEAM SPECIALIST, Enova | Chicago, IL — May 2021 – Jun 2025

Supported customers primarily through email, balancing quality and empathy with team KPIs.

- Recognized for highest quality of customer satisfaction, a perfect QA score (QA 100% Club), and Top Performer honors for three consecutive months.
- Handled an average of 300+ customer emails per day in a shared-queue system, with cases routed to the next available team member as each was completed.
- Diagnosed and resolved customer inquiries through written communication, documenting actions clearly and maintaining quality standards.
- Used LexisNexis Risk Solutions to help prevent fraud and worked cases in an internal customer portal; had technical exposure to the AWS Management Console.
- Handled customer calls through CallMiner and received frequent customer compliments for phone assistance.
- Documented and escalated issues requiring higher-level resolution to managers through Jira tickets.
- Used analytics and customer feedback loops to improve performance and exceed team KPIs; developed self-taught strategies to work email cases more efficiently.

TEAM LEAD, GENERAL MERCHANDISE, Walmart | Cicero, IL May 2017 – May 2021

Led day-to-day team performance and communication for the General Merchandise department.

- Led 20 team members across 4 teams of 5 while coordinating day-to-day general merchandise operations, monitoring team performance, and writing progress reports for management.
- Collaborated with team members and managers across departments to meet shared goals.
- Identified workflow bottlenecks and suggested process improvements.
- Supported team morale through emotional intelligence and constructive feedback.

CULTURAL AFFAIRS & SPECIAL EVENTS INTERN, The Town of Cicero | Cicero, IL Jun 2016 – Aug 2017

Supported community programming and cultural initiatives for the municipality.

- Organized and promoted cultural events supporting community development initiatives.
- Researched and authored written proposals advocating for human rights and cultural programming; mentored youth in leadership and self-confidence.

HELP DESK ASSISTANT, J.S. Sterling Morton East High School | Cicero, IL Aug 2015 – Aug 2016

Front-line technical support for school staff and students through Jira tickets and in-person assistance.

- Delivered technical support to 150+ staff and 3,000+ students through Jira tickets and in-person troubleshooting, with no phone support.
- Tracked and resolved issues using Jira and an internal knowledge base; wrote step-by-step documentation for recurring technical problems.
